

VIRTUAL

HEALTHCARE INNOVATION WORLD

18th - 20th November, 2020

CENTRAL EUROPEAN TIME
10 AM NETHERLANDS, GERMANY

Boosting healthcare effectiveness through innovation

INTRODUCTION

Healthcare Innovation World is a gathering of the Healthcare providers, Leading Innovators, Investors, Payers, Healthcare authorities and Policymakers, as well as patients' representatives (NGOs, patient groups etc.) who are driving innovation in Healthcare.

By rapidly transforming world of opportunities and challenges, innovation in technology and other areas played a key role to boost healthcare delivery and effectiveness. While healthcare organizations face major challenges in the area quality improvement, accessibility and high cost, the focus shifts slowly to embrace innovations.

This Keynotion Summit is being designed as an international platform where healthcare industry experts will take into consideration, assess and reexamine the steps that need to be taken up to bring tangible progress in healthcare delivery worldwide through innovation.
